

Mole Valley Green Burial Ground – Devon

Terms & Conditions

It is our aim that Mole Valley Green Burial Ground remains a natural and unspoilt environment, which provides an organic habitat for a variety of wild grasses, wild flowers, insects, birds and other wildlife. A tree can be planted by the grave as a memorial and the area will ultimately evolve into mature woodland. With all this in mind the following Terms and Conditions will apply:

- Only biodegradable, environmentally friendly coffins are to be used. No chipboard, metal or plastic
- No borders or mowing of any kind around graves
- No coloured stone chips, man-made items such as windmills, windchimes, artificial flowers, ornaments or vases of any kind may be placed on or around the grave
- Only native wild flowers and traditional trees may be planted
- Non-biodegradable tributes will be removed not less than 14 days after interment
- No seats or benches are permitted
- Trees will be planted in the planting season i.e. between October and March

Please ensure that all family and friends who may attend the burial or visit in the future are made aware of the above Terms and Conditions – thank-you

I agree to the above and respect the wishes of Mole Valley Green Burial Ground
